## Biology 12

**Dissection Portfolio** 

Name: \_\_\_\_\_

## Per: \_\_\_\_\_ Handed in: ON TIME / LATE

Sorry but no chances for a redo on this one!

| TITLE (all parts): Fetal Pig #4: Male Reproductive System           |   |  |
|---|---|--|
|   | ()  | Section Total  |
| (a) pelvis cut to expose reproductive organs                        | /2  |  |
| • cut pelvis  |   |  |
| <ul> <li>right &amp; left kidney</li> </ul>                         |   |  |
| • urinary bladder   |   |  |
| • urethra   |   |  |
| • penis   |   |  |
| • urogenital opening (external)                                     |   |  |
| • scrotum (external skin that was opened to get to the scrotal sac) |   |  |
| • scrotal sac (what was opened to see the testis and epididymis)    |   |  |
| • testis (indicate both if both scrotal sacs were opened)           |   |  |
| • vas deferens  |   |  |
| • epididymis  |   | (1.2)  |
| * BONUS: bulbourethral glands                                       | /11   | /13  |
| TITLE (all parts): Fetal Pig #4: Female Reproductive System         | (2)   | Section Total  |
| (a) pelvis cut to expose reproductive organs                        | /2  |  |
| • cut pelvis  |   |  |
| <ul> <li>right &amp; left kidney</li> </ul>                         |   |  |
| • urinary bladder   |   |  |
| • urethra   |   |  |
| • right uterine horn  |   |  |
| • right ovary   |   |  |
| left uterine horn   |   |  |
| • left ovary  |   |  |
| • uterus  |   |  |
| • vagina  |   | (1.2   |
| • genital papilla (external)  | /11   | /13  |
| Total Mark for Feta   | l Pig $\#4$   | /26  |
